My "Ready to Sign Clients" Guarantee

If in 7 days you don't feel 100% confident that you could go out and sign your first paying client, I'll refund every penny, no questions asked.

Just email my support team at support@brandscalingbootcamp.com, say "refund please," add your purchase email and you'll have your money back within 48 hours.

I can make this guarantee because I know my audience really well. I've seen what happens when people actually follow the system.

And I know that if you do the work, the results are basically inevitable.

The only people who don't get results are the ones who don't show up.

"Why Is This Only $47?"

Fair question.

I've seen people charge $997 for less than what I'm giving you here. And I could probably charge $297+ and still fill this thing.

I've seen people charge $997 for less than what I'm giving you here. And I could probably charge $297+ and still fill this thing.

But here's my logic:

I'm not trying to make money on this bootcamp.

I'm trying to find 1,000 people who are serious about building online income, and help them get their first win.

Some of those people will go on to join my higher-level programs. Some will become clients. Some will become partners. Some will just succeed on their own and tell their friends about me.

All of those outcomes are wins for me.

The $47 covers my ad costs and filters out the people who aren't serious. That's it.

This is the best deal I'll ever offer. And I'll probably never run it at this price again.

Once I have enough success stories from this cohort, the price goes up permanently.

This Won't Be Available For Long

This Won't Be Available For Long

Here's what's happening:

→ 📅 Bootcamp runs February 2-6, 2025

→ 7PM EST daily | 60-90 minutes per session

→ Enrollment closes February 1st at midnight (or when we hit the maximum amount of participants — whichever comes first)

→ Price increases to $67 in the next days (VIP goes to $127)

→ Giveaway entries only valid for people who register before January 31st

→ I cap enrollment because this is a LIVE event. If there are 10,000 people in the chat, I can't answer questions. I can't give personal feedback. It becomes a lecture instead of a bootcamp.

→ When they're gone, they're gone. You're either in or you're watching from the sidelines while others build their online businesses..

A few years ago, I was exactly where you are.

Confused. Trading my life for a paycheck. Jumping from business model to business model.

I failed at EVERYTHING I tried.

Then by pure chance... I stumbled onto one skill that changed my entire life forever:

Running ads online.

It's simple. It's in-demand. And it doesn't require you to be a genius.

It gave me the ability to deliver customers-on-command to businesses.

And as a result, I got compensated VERY well.

Once I figured this out... everything else took off.

Now my only goal is to help people like you do the same.

And in this 5-Day Brandscaling Bootcamp, I'm about to prove it works...

By doing it all over again from scratch.

By doing it all over again from scratch.
